Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Dear FCC:

I am letting you know that I do not support the proposed changes in the Universal Service Fund. I would like the FCC to investigate this matter further. It would impact my ability to retain my wireless service with \$1.00 per month charge.

I do not use my phone for interstate calls. It is for security and safety reasons. It is unfair to charge everybody \$1.00 regardless of how they use their wireless phone. The current policy is fair, based on interstate usage and should be left alone.

Keep this fair....Thank you.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
